NCBBA-W PLAYER REGISTRATION INSTRUCTIONS

The NCBBA Player registration process is the online tool developed by CollClubSports by which players enter themselves in to the NCBBA system and thus begin the process of becoming cleared to be eligible to compete in the NCBBA. Once a player completes the registration process they move in to a holding “Roster Queue”. Once the team submits an “Academic Eligibility Letter” players that are deemed eligible will be moved from the “Roster Queue” to the team’s official roster and then will appear on the NCBBA website as a player for that particular team. Only when this happens is a player deemed eligible to compete in the NCBBA. Additionally, once the player is added to the official roster the stats for that player will be able to be tracked through the NCBBA website and the player will become eligible to win awards such as Player of the Week and All American.

IMPORTANT NOTES:

- 1) During the registration process, players will be asked for information such as a picture, biography, jersey number, and position. If they don’t have this available, that is okay, they can log back in to the Player Registration system any time after completing the process and add/edit these portions of their player profile.
- 2) It is important that players take their time as they complete the Player Registration, much of the information they will be asked is sensitive to determining their eligibility to compete in the NCBBA and some of the information cannot be changed once they initially enter it. That said, we stress that players read through the process thoroughly and enter all information **accurately**.
- 3) Players who registered through the Player Registration system in a previous season will be recognized by the system and will auto populate many of the fields. It is important that they make sure this information is still accurate and update it as necessary.
- 4) **We have experienced some school email servers blocking our emails to school issued email addresses. We recommend using a personal email such as gmail, yahoo, or Hotmail so that your account confirmation reaches you.**
